CAMPBELL, THE ORCHARD CITY OF THE FAMOUS SANTA CLARA VALLEY

Campbell INTER-URBAN Press

FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOL. 32. NO. 18 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, OCT. 29, 1926.

KIWANIS HEARS WRIGHT ON BALLOT

Campbell Kiwanians enjoyed a double treat at the luncheon Wednesday. At the opening of the program Roy Page, one of the first cornetists of Sonsa's band in recent years, accompanied by Miss Mahan at the piano, gave two very pretty solos.

T. M. Wright, father of the Wright enforcement act, and popular assemblyman from this distirct, gave a very interesting and enlightening talk on the amendments to be voted on at the election Tuesday. The Club practiced their songs for Charter night Saturday, plans for which are practically completed. Harry Smith, presented the Club with a large wool bunting flag as a special Navy Day token from the Press.

CAMPBELL WINS

The Campbell Cardinals', a football team composed of Campbell boys, defeated the San Jose Sophomore team, at Reed Field Friday, by the score of 12 to 0. The San Jose team had at a previous date defeated the San Mateo Military Academy by the score of 32 to 0. The San Jose boys have a good team and the Campbell team played good football to beat them. The Cardinal's are planning to have more games and would like Campbell's support.

William Payson Peterson of Stanford will preach at the morning services of the Congregational church next Sunday.

Mr. Peterson is an interesting speaker and has a message for the young people of the community.

Local Men Support P. J. Martin for County Supervisor

Our former supervisor, the late John Roll, showed particular interest in the County Hospital and it is due to his untiring efforts that this institution now ranks among the best in the state in point of efficiency. Carrying on with the same sense of responsibility, Mr. Martin has devoted a large part of his time each week since taking office for the purpose of becoming as familar with the many problems as was his predecessor. With years of experience as a big business executive he has shown all of the qualifications which are so necessary in order to give intelligent, careful, analytical consideration to the affairs of Santa Clara County. Having performed his duties as you would have him and having served your interests in their entirety, he feels confident that your appreciation will result in his continuance to serve.

C. H. Whitman, J. F. Wehmeyer, S. N. Hedegard, Fred V. Clancy, A. B. Gibson, Guy E. Farley, C. W. Shumway, M. A. Miller, H. W. Morton, Victor Holmes, W. H. Morton, George C. Payne, Steven Sunquist.

Among the multifarious duties falling to the lot of a Supervisor is that of building and repairing roads. The residents of the Fourth Supervisal District were exceptionally fortunate in the selection of Mr. P. J. Martin as their Supervisor for he has shown an unusual aptitude for this character of work. No doubt Mr. Martin's early training in the industrial business, in which he made a success, has fitted him for this line of enterprise, for there he learned the art of organization discipline, and economy which one must necessarily have when he is dealing in big business.

Mr. Martin is a firm believer in that old saying that "If a thing is worth doing it is worth doing well," for his instructions to his men when they go out on a piece of work is to make a good job of it so it will last. This, of course, is not only good business, but it is more economical in the long run. As a result of Mr. Martin's system of organization and his personal attention to all work, for he is always on the job, the roads in the Fourth Supervisoral District are as good as, if not better than, the roads in any district in the State of California, and Mr. Martin has truly earned the reputation of being a real Road Builder.

The following are some of the improvements made in the Campbell section of the Fourth Supervisoral District since Mr. Martin was selected as Supervisor some ten months ago.

Paved Harrison Street.

Paved Central Avenue.

Is now paving Hamilton Ave.

Graded extension of Campbell Avenue, and

Installed new lights in many places.

Graded site of proposed park at end of bridge, which will be planted to trees, shrubs and flowers, and which will be a beautfiul improvement to Campbell.

It would certainly seem that a record of achievement such as Mr. Martin has accomplished in the short time in which he has been in office, is the best recommendation as to why Mr. P. J. Martin should be returned to office so he can carry on this splendid work for the improvement and development of our County.

High School Notes

The High School furnace went on strike Monday, and Mr. Mills, the janitor, had considerable difficulty persuading it to go back to work. The Press representative did not succeed in finding out exactly what was the matter, but buckets of boiling water flew out of the furnace room window, the fire-box seemed to be flooded with water, and Mr. Mills seemed to be a little out of humor.

Mr. Wegel's general science classes have been enjoying educational moving pictures every two weeks. One film showed the life of the sponge—its growth, preparation for market, and sale. Another showed the birth, growth, and development of a pride, and one of the largest cities of Mexico, was shown in another reel, and the mining and smelting of iron in still another.

T. A. Cutting's science class has been enjoying several recent fishing trips. The fishing tackle has consisted of tooth picks and so far only microscopic piscatorial specimens have been landed, but the boys are becoming quite adept with the microscopes. Ponds of vinegar eels, rhizopoda, and round worms were located, and many times the students have apparently bagged the limit. Elwin Overshiner discovered, perhaps, the richest pool containing flagellata and diatoms in multitude too great to be numbered.

Roosevelt Day was celebrated by a combined assembly of High School, Grammar School, and the general public. The High School Band under the leadership of Mr. Thilke made its first public appearance, and was given a grand ovation. It has already established itself as one of the most important organizations of the school.

Stanley B. Smith was elected secretary of the Roosevelt Tree Association, and since he was not present at the meeting, D. H. Cramer acted in his stead at the meeting. Rev. Robbins of the Methodist Church gave the invocation.

Mr. White, leader of the Boy Scouts, spoke in appreciation of Roosevelt, and quoted some of his epigrams. "Work when you work, and play when you play," ran one of them, "but when you work, do not play at all."

Elsie Merrill exhibited the spade used by Roosevelt in planting the High School Redwood. E. W. Allen explained what a Sequoia Gigantea was, and was followed by Samuel Tomkins, who delivered the main address of the occasion.

He spoke of the life and accomplishments of Theodore Roosevelt and pointed out the sterling traits of character which led to his great success. He showed how Roosevelt's strength of will overcome the obstacle of ill health and the seemingly unsurmountable difficulties blocking the building of the Panama Canal.

ATHLETICS

Friday evening the Campbell 110's and 120's defeated the Santa Clara teams, by scores of 20 to 14 and 18 to 4 respectively. Leland Lea and Leonard Shadle were the boys who scored most of the points. This Friday evening the teams go to Morgan Hill for return games, following the victories on the home courts earlier in the season.

"Campbell has the strongest light weight teams this year that it has had for many years, and perhaps the strongest in our history," says Coach Noddin.

High school students who have counted on receiving tickets for the California Stanford big game Nov. 20th, from underclassmen in attendance at the University of California will be disappointed this year. The supply of tickets allotted to students was exhausted after the senior class and only 167 juniors were supplied. The dearth of tickets is affecting distribution of extra tickets to students this year because of the gradually increasing number of alumni to be supplied.

VOTE THIS TICKET NOVEMBER 2

For Governor—C. C. Young.
For Lieutenant Governor—Buron Fitts.
For Secretary of State—Frank C. Jordan.
For State Treasurer—Charles J. Johnson.
For Attorney—U. S. Webb.
For Surveyor General—W. S. Kingsbury.
For United States Senator—Samuel M. Shortridge.
For Member of Congress—Arthur M. Free.
For Assemblyman—T. M. Wright.
For State Senator—Herbert C. Jones.
For State Superintendent of Schools—Will C. Wood.

CAMPBELL IS PROGRESSIVE

"Nothing succeds like success" is an old saying that is particularly true of this community. With the steady influx of new citizens and the regular increase of new homes our civic needs present themselves in the same imperative manner as in much larger communities. Without the local directing force and influence of an incorporated town it is necessary to request the county supervisor in whose jurisdiction our interests are located to secure through certain prescribed proceedures those things which are vital to our continued development. We are indeed fortunate to have a representative, whom we can unhesitatingly approach on any question relating to our needs and come away satisfied that a determined effort will be made promptly to acomplish results. The short term which Supervisor J. P. Martin has served this 4th district has witnessed a generous granting of every request made upon him. Work on various improvements has been started and completed with such dispatch as to cause the utmost surprise. Among the many improvements to be noted are the paving of Harrison Ave., North Central Ave., and Hamilton Ave. Continued progress on the extension of Campbell Ave., gives added encouragement to the opening up of that profitable territory to the west. Immediately upon the purchase of the Nelson Tract on North Third Street work was begun to grade and gravel a proper entrance which would make possible the early completion of many new homes. As an example of the considerate regard of Mr. Martin for this community a construction gang who were moving from one planned job to another were detained long enough in Campbell to carefully grade the west bank of the creek and make possible the beautifying of this habitual eyesore at a very small expense. Additional street lights and road signs have been installed and erected which, materially add to the security of our citizens and give to passing motorists a more favorable impression of our consideration of their needs.

New Nursery

The new nursery of John Neff to be loctaed next to the Campbell theater is well under way. A concrete curb has been placed around the lot and an attractive lattice fence is put up. When completed Campbell's experienced gardner will have an ideal show place for his shrubs and this vacant lot will become a pleasing and attractive sight to passers by.

CAMPBELL C. OF C. STUDIES AMENDMENTS

Hon. T. M. Wright, as scheduled by Chamber of Commerce, gave a detailed explanation of the 28 constitutional amendments before, a fairly representative audience in the grammar auditorium Monday evening. In the course of his talk he gave his reasons for or against the various divisions in a very convincing manner. These suggestions although not entirely agreed with by all met with considerable favor. They are as follows:

On No. -, Yes; 2, Yes; 4, Yes; 5, Yes; 6, No; 15, Yes; 17, Yes; 20, No; 21, Yes; 22, Yes; 23, Yes; 26, Yes; 28, Yes.

S. N. Hedegard, president of the Chamber of Commerce, acted as chairman of the evening.

With all the enlightenment given on the amendment in this county there is very little reason for a voter voting wrong through ignorance.

CHEST COUNCIL STARTS CAMPAIGN

Campbell Community Council

Preparations for the canvass for the Commuity Chest funds are progressing rapidly under the able leadership of F. H. Cutting, who has laid aside his palete and brushes for the time, and is devoting himself to this cause so near to all of us.

Organizations for the "drive" is being perfected and names of the canvassing teams will be announced in the next issue of the Press.

Campbell and vicinity were well represented at the rally and banquet of the Community Chest of Santa Clara Valley, held at Hotel St. Claire, San Jose, on Monday evening of this week. Among those present were: Mr. Mrs. W. H. Stray, Dr. and Mrs. and Mrs. F. H. Cutting, Mr. and W. I. Merrill, Mr. and Mrs. F. E. Duncan, Dr. and Mrs. A. B. Townsend, Mrs. J. C. Ainsley, Mrs. Gordon Ainsley, Mr. and Mrs. Geo. Payne, Mr. and Mrs. Leroy Anderson, Mrs. Lillie F. Shaw, Mrs. Louis Shelley, Mrs. Merlin Bohnett and R. L. Robinson.

McKinnon Popular In Home District

We want to call our readers attention to the many attractive "specials" that are offered by our local merchants. This is done for the express purpose of encouraging you to trade at home, thereby increasing the business of the town and enabling the merchants to develop better equipped and stocked stores as well as more attractive ones.

This is a very important matter and everyone should think very seriously before doing his trading in adjacent towns to the retarding of the development of his own home town.

To the voters of the Fourth Supervisorial District:

Most of you have decided to support one or the other of the candidates for Supervisor in the Fourth District on November 2, but there may be some who have no decision and to you I would suggest that a man's standing with his neighbors might be a fair test of his fitness to serve us. Both of the candidates for this office live in the Moreland Precincts. The vote at the Primary Precincts was:

J. McMcKinnon	225
P. J. Martin	104

The fact that Mr. McKinnon lead his opponent by more than two to one in their home precincts seems to me a good reason for urging you to vote for and help elect Mr. McKinnon our Supervisor.

Yours very truly,
Harold C. Jepsen.

SEN. JONES INFORMS LOCAL GRANGERS

State Senator Herbert Jones spoke on the amendments and proposed Laws before the grange Tuesday evening. During Senator Jones' address the meeting was open to the public and many of our citizens took advantage of the occasion to hear him.

He gave a very concise and helpful statement of the various propositions, also explaining why there were so many laws to be voted on in this state every year or two. Our state constitution is a combination of fundamental and detail laws such as is not possessed by any other state, and has become a very cumbersome volume. It is hoped that before long a commission will be appointed to revise our state constitution and bring it more into accord with other progressive states. A rising vote of thanks was given to Mr. Jones for his very kindly and informative address. After a short recess, the worthy master read a report of the recent state grange at San Jose, one of the most successful ever held and largely attended. Napa has the largest grange in the state with 311 members and a record for proficiency and accuracy in work of 99½ points to the 100 while Orchard City grange followed close with a membership of 285 and 98½ points.

Stanley Smith reported that over 100 cars went on the drive around the valley visiting Campbell grammar school and Stanford University where an organ recital had been arranged for the occasion.

Mr. Keesling spoke on the grange fire insurance department and urged all grangers to insure with it when possible.

Plans are being perfected for a social and card party to be held at an early date (to be announced) also arrangements are being made for a grange fair to be held in the early part of December.

Mr. Keesling talked on beautification of the road sides. Cleaning up weeds and trash is one of the first and easiest things to do. Many are thoughtless and careless about throwing waste paper and other refuse along the roadside. School children sometimes tear up papers and scatter them along the streets and walks. The schools are provided with places to burn all such waste and children and all others should take pains to keep our streets and walks free from all such litter, as it makes our town and country side far more attractive to those who pass through it, where everything is kept clean and tidy.

P. T. A. MEETING

The November 1926 meeting of the Campbell Union Grammar School P. T. A., will meet in the kindergarten next Tuesday, Nov. 2, at 2:15 p. m.

Mrs. Kesling has charge of the program.

The Campbell section of the Conn Juvenile Band will play several numbers. The High 2nd grade will give a short patriotic pageant and Miss Carmichael of San Jose will give a short talk on patriotism.

in Sunday school. We want a

M. E. EPISCOPAL CHURCH
W. C. Robbins, Pastor

The pastor of the Methodist Church is working hard on his job. Last Sunday there were 116 150. You will count one. Session opens 9:45.

Good Program & Good Teachers

Preaching that will stir your soul, at 11:00 and 7:30. Good Choir to lead the singing.

There were 40 at prayer meeting last Wednesday. It will do your soul good to come.

We bid for your presence at our social and devotional services.

Together we can make the Church helpful and wholesome.

SUSTAIN THE WRIGHT ACT

An effort will be made next Tuesday to repeal the Wright Act. This is known as No. 9 on the ballot, and was put on the ballot by those who are opposed to the law. Vote No on this proposition. Do not vote Yes, thus thinking you are sustaining the act, for by so doing you will vote to repeal the law.

The Wright act is not a state prohibition law, as some would want you to believe. It is merely an act to help to enforce the Eighteenth amendment to the United States constitution and the Volstead act. While this is the law of the land every state should help to enforce it, and that is why the Wright act was passed by the legislature. It adds nothing to and takes nothing from the Eighteenth amendment nor the Volstead act: it is an act to enable the state peace officers and the state courts to enforce national prohibition in California.

There is much criticism heard on all sides for the lax enforcement of national prohibition in California. And this despite the fact that California peace officers and courts, through the Wright act, are aiding the national prohibition enforcement officials. If enforcement is considered lax under these conditions, what will be said of enforcement if the Wright act is repealed and state help withdrawn? There could practically no enforcement, for the federal authorities would not supply a sufficient force of men to properly patrol the state.

The repeal of the Wright act would be the same as telling the rest of the country that California stands for the repeal of the Eighteenth amendment, and for its non-enforcement while it remains a part of the constitution.

An Anchor to Windward

One of the qualifications of good seamanship is knowing when to cast an anchor to windward. The experienced mariner understands this trick of his trade makes his ship secure against the coming storm. A Mercantile Trust Company of California savings account is the individual's "anchor to windward," as it stands stoutly between him and the reefs and shoals of future perils. Systematic deposits, increased by four per cent interest compounded semi-annually, make for freedom from worry in the years to come.

Conant Most Faithful and Efficient Servant

The general word passed along in these parts is that "Ernie" Conant, popular county treasurer, is going back into office by a tremendously big vote and he certainly is most deserving as a compliment to his efficient service.

Santa Clara County taxpayers owe Ernest W. Conant, county treasurer, a real debt of gratitude—and it's getting bigger every year. Mr. Conant took a very active part in securing passage through the state legislature of the deposit act, so called, by which county treasurers were authorized to deposit excess county funds in the banks of the state and draw interest theron, instead of letting the money lie idle in the county vaults.

Just one instance of Mr. Conant's care of the county funds was shown shortly after the war. The government at that time issued certificates of indebtedness which paid a larger rate of interest than local banks were able to give. Mr. Conant purchased a block of these certificates from the federal reserve bank in San Francisco with excess county funds and brought into the county treasury $43,256.26 in interest.

During the last two nad a half years, the county treasury has received from money deposited in county banks more than $55,000 a year.

The Country Woman's Club will meet Monday, Nov. 2, at 2:30 p. m.

Chicken supper at the Congregational Church Friday evening, Nov. 5.

Douglas Cutting was over from Pacific Grove for the week-end with his parents.

Mr. and Mrs. Delmar Dooley of the Busy Bee have returned from a pleasant visit at Eureka.

Mrs. Lucy Wakeman is building a small cottage and garage on her property on Sunnyside Ave.

S. G. Rice has purchased of John Neff his property on the east side of north Central Ave.

Miss Mattie Curram, who has been the guest of Mrs. Byron Gray at Alameda for a few days returned Monday.

Wm. Skiff and Miss Miriam have been enjoying a visit with relatives, Mr. and Mrs. E. C. Thomas of Hume, N. Y.

A fine chicken dinner, with all the fixins, will be served Friday evening, Nov. 5, at the Congregational church, 75c per plate.

The A. D. Lovell family returned Sunday from a visit of several weks in Oklahoma. They were accompanied by Monte Lame.

Percy Dunlap, genial dispenser of John D's products, and W. G. Smiley of the Service Garage left Wednesday for a two weeks auto trip through Oregon and Washington.

Clarence Silva spent a part of his vacation at Long Beach, and on Thursday went to Richardson Springs. He is visiting the latter not because he "needs to" but because he "likes it."

The Orchard City Grange will sponsor a progressive Whist party Friday evening, Nov 5th, at the Community Hall, at 8 o'clock. Score cards, 50 cents. The proceds wil be applied to the hall building fund.

Mrs. Fred Rost entertained a party of friends last week in honor of Mrs. Anna Cushen, who has moved to San Jose to make her home. Other guests present were: Mrs. Earl Eddleman, Mrs. Arthur Robinson and Miss Grace Bohnett.

The Methodist Church will hold a fellowship supper in the parlors of the church this Friday evening at 6:30 in honor of Rev. R. C. Robbins and wife. Reports of each department of the church work will be given. Friends of the church are invited.

The work of opening West Campbell Ave. to San Tomas Road has been started at the latter end and trees are being removed. This will give a direct thoroughfare west from Campbell and when entirely completed will meet the Saratoga Road.

The many friends of Mrs. G. E. tSallman will be pleased to hear that she has been relieved in a measure from the terrible pain which she has been enduring from ticdouloureux. This relief has been brought about by an operation and it is hoped that a complete cure may be effected by a second.

Geo. Dolphin, Ed Benech, Chas. Miller, Mr. and Mrs. L. M. Beal and H. C. McVea and family enjoyed a baked fish dinner Friday night. The gentlemen of the party had been on a fishing trip to Carmel and returned with a 21½ pound cod, which was served "a la McVea" at the latter's home.

HARRIET M. SMITH

Harriet M. Smith, who has been seriously ill for several months, and in failing health for over two years passed away at her home on north first street last Thursday afternoon.

Funeral services were held Saturday afternoon from the M. E. Church conducted by Rev. F. C. Farr of Salinas and Rev. W. C. Robbins of Campbell. Interment was at Los Gatos cemetery.

Deceased was born in Ohio in 1852, one of the eight children of whom four sisters and one brother survive. Of these, Miss Emily Smith has made her home here for the past three years, to be with her sister.

Mrs. Smith came to Campbell in 1910 to see her daughter, Mrs. Luther and her two grand sons and has resided here since.

She had been an earnest worker in the Methodist church, a helpful neigbhor and devoted friend, and when failing health caused her absence from her usual duties she was sadly missed. Her friends can only be glad now that she has been relieved of her sufferings and taken home.

Golden State
News of Interest to All

The executive board of the Camp Fire Girls at Petaluma started a drive October 20, to raise $2,500 to carry on the Camp Fire Girls' work in Petaluma next year.

The only boys' and girls' agricultural club in San Diego county is located at Ramona, and was represented this year at the annual conference in Davis by ten representatives.

The state department of agriculture announces that, contrary to popular belief, horses are not immune to tuberculosis, although the disease among the equine population is comparatively rare.

Work has been started surveying the highway route from the top of Pocket canyon hill to Guerneville, which is to be paved in the spring to complete the pavement from Santa Rosa to the Russian river.

The sale of $250.000 worth of fine property in Redlands featured the opening of the fourth and last quarter of the year, indicating that the real-estate market is to be better than it has been. And it has been excellent.

Enrolling over 100 students in the joint real estate course of the California Real Estate Association and the University of Southern California, the Oakland Real Estate Board has the largest class in the State, it is declared.

Building developments and street improvements in Hollywood now under way or projected will represent a total expenditure of almost $25,000,000, according to careful compilation of operations in the motion-picture capital.

Poisoned barley, with which Jacob F. Sperbeck, farmer near Browns Valley, was waging war on squirrels, caused the death of fifty of Sperbeck's chickens, when the sack containing it toppled from a perch and was partaken of freely.

Through the agency of cooperative marketing the olive industry, which began a decline eight or nine years ago, is gradually being built up again, and is once again headed for a sound footing. This is the declaration in a statement issued in Sacramento by L. C. Sears, field agent of the California Olive Growers, Inc.

The carpentry and farm mechanics classes of Tulare Union High School have started construction on a new $10,000 building on the high school campus. This building will be the home for the agricultural and farm mechanics classes and will be located just east of the auto mechanics shop on the corner of the athletic field.

A plea for a denite state reforestation program was made before the third annual conference of home builders and subdividers at Del Monte by Mark Daniels, San Francisco landscape engineer and former superintendent of national parks. The conference was in conjunction with the state realty dealers' convention.

WATER CONSUMERS

The water will be shut off for a short time between 8 a. m. and 9 a. m. Sunday. Thank you.

The Campbell Water Co.

Back of this Service

A part of the unseen service of this progressive company consists of planning for your needs of tomorrow.

Plant facilities are ready to serve the new factories and new homes that are coming. Electric and gas service is available when desired.

The P. G. and E. anticipates the growth of the territory in which it serves by giving continuous thought to the future requirements of the public.

Many men and women are employed in this planning for tomorrow.

Preston Highly Fitted for Office

October 26, 1926.

Harry C. Smith.
Editor Press:

Will you kindly permit me to briefly present, through your columns, the candidacy of John W. Preston for Associate Justice of the Supreme Court?

In 1909 I had occasion to become intimately acquainted with Preston while we served together as members of the California legislature and have been in touch with him ever since. He has an unusually keen and active mind, is possessed of marked physical vigor and his character is unimpeachable. He is also a hard worker and is just the type of man needed on the Supreme bench to help dispose of the great number of cases now awaiting hearing in the Supreme Court.

During the World War Preston was United States District Attorney and Assistant Attorney General of the United States. In both offices he made an enviable record. In private practice, also, he has made a marked success.

Because of his high character and his marked qualification for the bench, many of California's ablest jurists and lawyers are supporting Preston's candidacy.

Trusting that Campbell will give Mr. Preston strong support, I am,

Sincerely yours,
L. D. Bohnett.

Next to politics there's nothing that makes strange bedfellows like sudden riches.

Buy a Lot and Build a Home
IN THE HYDE RESIDENCE PARK

These fifty foot lots are improved with A-1 sidewalks, curb and gutters. Ornamental trees grace the front of these attractive homesites while all objectionable overhead wires are located in the rear of the lots. Gas and water mains are easily available. These lots are being quietly acquired by those who realize their unusual value. For your convenience we have numbered the lots and designated those that are already sold.

In Campbell

We're not surprised! We've got the best climate in the valley; the best water in the state; the finest grammar school this side of Denver; a public library any community would be proud to possess; good surfaced streets that are always clean; attractive homes that shelter happy, contented families; the exact heart of the richest fruit lands in the world; a geographical location that assures steady development and we, too, realize as one old settler remarked, "Campbell is going ahead in spite of herself."

The housing facilities have been taxed to the limit and have been since early in June. This encouraging as it clearly indicates condition is very promising and the necessity for a more active building campaign. Industrial improvements this Spring amounted to close to $200,000 and its influence made itself immediately effective.

There are at present over twenty aplications on file for homes of varying sizes. Five new attractive homes are in course of construction, all located within two blocks of our schools, but strange as it may seem, even these few new residences will not relieve the situation as the owners who have resided in smaller accommodations on the same property have simply graduated to a real degree of comfort.

Additional homes are to be constructed in the same neighborhood during the next few months and desirable building lots are being quietly acquired by those who realize the usual values now obtainable. These values will advance more rapidly than ever before due to the natural working out of that old law —"Supply and Demand."

One of the biggest questions before the country today is when to discard a suit of cloths. You can still wear it and save money, or you can make more
